TRUMAN RESOURCES

STUDENTS OF CONCERN TEAM: The SOC Team assesses and coordinates responses to issues and concerns about students requiring intervention in order to help them achieve success at Truman, and help the campus community members feel safe and supported. Addressed concerns may include specific incidents or general concerns about behavior of a student or a group of students. When a referral is made (www.truman.edu/students-of-concern/), the team will attempt to determine what is happening and what type of assistance the student may need. Intervention will occur in the least intrusive manner appropriate in providing that assistance.
