NOTES:

- This plan presumes the incoming student has no college credits earned at the time of matriculation.
- Credits applied from other sources will necessitate adjustments.
- Students who change their major in the first two years will easily be able to pursue other Truman degrees.
- Students who change their mind after 1 year of MAT will still qualify for ES degree, but must take ES senior test.

- **ES Major Requirement:** The ES senior test (the EP-C) is taken after the fourth year, the undergraduate degree is conferred at that time
- (*) = ES 250 is offered fall, winter interim, spring and summer.
- **Must be fully admitted as an MAT student after three years.**
- WE = Writing Enhanced course
- If you have not completed the Civics Exam, we recommend doing so in your **first year**.
- Truman students are required to complete a [Portfolio](#) to graduate. We recommend starting to compile your work for the Portfolio sooner than later.
- Students must complete their Application to Graduate **the semester prior to graduating**. Apply to graduate through TruView.
- Graduating seniors need to complete their seniors test and questionnaire. We recommend reviewing the [Assessment & Testing page](#) to plan accordingly.
- **The Dialogues curriculum** requires a certain number of courses/credit hours in the following Perspectives: Social, Arts and Humanities, STEM, Communications, and Statistics. The exact number of courses a student will be required to take during their undergraduate career varies individually according to the credit transferred in.

Department Chair: Please contact the [Center for Academic Excellence](#) with any updates to the plan above. Rev. 7-31-24
