NOTES:

- If you have not completed the Civics Exam, we recommend doing so in your **first year**.
- Truman students are required to complete a [Portfolio](#) to graduate. We recommend starting to compile your work for the Portfolio sooner than later.
- Students must complete their Application to Graduate **the semester prior to graduating**. Apply to graduate through TruView.
- Graduating seniors need to complete their seniors test and questionnaire. We recommend reviewing the [Assessment & Testing page](#) to plan accordingly.
- (*) = Students may also take ECON 205: Principles of Economics (5 cr), which satisfies both ECON 200 and ECON 201 requirements, and can be taken either semester. Additionally, any one of these courses fulfills the Social Perspective.
- (**) = MATH 263: Analytical Geometry and Calculus II is a prerequisite for STAT 290 and must be taken before STAT 290. Well-prepared students should consider taking STAT 290 instead of STAT 190.
- (***) = Social Perspective credit hours, including the Missouri Statute course must sum to at

least 9 credit hours.

- (***) = This course can be an economics course that satisfies the Intercultural Perspective requirement. If not, another Intercultural Perspectives course must be taken elsewhere.
- (****) = All of these courses, or a combination of courses, satisfy the Calculus element of the STEM Perspective. Students must take a placement test before being allowed to register, and students who place into lower-level math classes must use either MATH 156: College Algebra & MATH 157: Plane Trigonometry (together) or MATH 186: Pre-calculus to satisfy the Math element of the STEM Perspective. These students subsequently then need to take MATH 187 and MATH 197 or MATH 198 to fulfill the major requirement.
- **A total of 120 hours are required for graduation; 40 of these must be 300 level or above courses.**
- Truman requires at least three writing-enhanced courses (ECON 210, JINS 3XX, and ECON 479 allow you to fulfill this requirement).
- WE = Writing Enhanced course
- **The Dialogues curriculum** requires a certain number of courses/credit hours in the following Perspectives: Social, Arts and Humanities, STEM, Communications, and Statistics. The exact number of courses a student will be required to take during their undergraduate career varies individually according to the credit transferred in.

Department Chair: Please contact the [Center for Academic Excellence](#) with any updates to the plan above. Rev. 7-31-24
